## STATEMENT OF NEED

### FINANCIAL CIRCUMSTANCES REQUIRING SPONSORSHIP

We are a no-fee high school consisting of 660 learners, of which 40% of learners come from surrounding farms. We are funded by the Norms and Standards allocation by the department of which only covers the day-to-day running costs of the school. It was extremely frustrating during lockdown that we couldn't connect virtually by means of online lessons with our learners due to a lack of resources.

## STATEMENT OF DESERVING

### A REFLECTION OF THE SCHOOL'S CULTURE AND COMMITMENT TO LEARNING

We strive to maintain high academic standards. Our educators are on par with latest curriculum developments and are highly qualified. We maintained a matric pass % of more than 80% for the past five years and our Mathematics results for grade 9 Systemic tests improved by 17% in 2019. The learners offering Mathematics as a subject are also steadily increasing and we strive to excel in Mathematics and Science.

## STATEMENT OF WANT

### REASON FOR SPECIFICALLY REQUESTING PAPER VIDEO

Paper Video will give us the opportunity to improve our academic performance in, specifically Mathematics. Learners can have access to live lessons, even at home. This will benefit our learners as they will have access to brilliant teachers and resources. This opportunity will also narrow the gap between us and schools that has these facilities.
