

Tshiitwa Secondary School

STATEMENT OF NEED

FINANCIAL CIRCUMSTANCES REQUIRING SPONSORSHIP

The school is in a deep rural area where unemployment rate is high not only because of covid 19. Hence, the school is classified under quintile 2, implying that poverty level is extremely high. Most of the parents are young mothers who care less about their children. Ninety percent of the learners rely on food provided by the department. We are unable to conduct Saturday extra lessons because parents cannot afford to pay.

Tshiitwa Secondary School

EMIS NO : 931520337

VISION

TO BE AN INSTITUTION WHICH IS A CENTRE OF EXCELLENCE IN MATHEMATICS AND SCIENCES, THAT PREPARES LEARNERS FOR TERTIARY ENTRY AND RESPONSIBLE LIFESTYLE

MISSION STATEMENT

WE STRIVE TO ENSURE THAT:

- ALL LEARNERS ARE ABLE TO PASS MATHEMATICS AND SCIENCES
- PLACING LEARNERS FIRST IN EVERYTHING WE DO
- OUR SCHOOL PREMISES ARE FULLY DEVELOPED
- ACADEMY IN ALL SPORTING CODES IS OFFERED
- EARNER PREGNANCY SUBSTANCE ABUSE AND THEFT ARE DISCOURAGED
- LEARNERS ARE SERIOUSLY ENGAGED IN ALL LEARNING ACTIVITIES

STATEMENT OF DESERVING

A REFLECTION OF THE SCHOOL'S CULTURE AND COMMITMENT TO LEARNING

The school was in the project called Dinaledi during the era of Minister Naledi Pandor with the aim of producing Bachelor passes. We are currently producing more than 40 bachelor every year. We are mainly concerned with the quality passes not Diplomas and High Certificates. We have never scored below 70% pass in grade 12 for the past 13 years. We had a learner in 2004 who is now a CA who got 100% in Business Studies. In 2018, we had a learner who represented the school in the province and did well. Educators teach for free on Holidays and Saturdays. We also conduct afternoon studies even on Fridays and knock off at 16:00, we do so even on month ends.

STATEMENT OF WANT

REASON FOR SPECIFICALLY REQUESTING PAPER VIDEO

We want to teach our learners using the current methodologies which are being piloted in Gauteng schools. We want to be a chalk free school since we have young teachers who are computer literate.

4IR will be in place immediately you assist us the gadgets for this innovation. Science subjects will be taught easily if we can be assisted with the Laboratory center to conduct experiments.
