## ASSA Convention 2022

The ASSA convention runs from 26 to 28 October 2022 with the Africa seminar on 25 October.

The call for papers will go out during April. The convention provides an ideal opportunity to share your thoughts and share your professional skills with the profession. We are looking for robust, respectful professional debate on key issues impacting the profession and where the profession can influence business and society for the common good.

Please send an email to Renche Jansen ([rjansen@actuarialsociety.org.za](mailto:rjansen@actuarialsociety.org.za)) with instruction on how you would like your donation allocated between the two causes. Where the allocation is not specified, the donation will be spread equally between the two causes.

Please take a few minutes to donate to the Wim Els Diversity Fund. You can directly make a difference for transformation of both ASSA and SA.

We are currently supporting 110 profoundly disadvantaged students every month with tuition and poverty relief for their families through WeSolve4X. We are also providing resources to over 500 students in 4 schools through Paper Video.

While these donations help the students and their families, this is but a drop in the ocean when compared to the need in society. With your help we can change more lives.

The Fund, through the Actuarial Society Development Trust, also supports financially strained ASSA students studying for the ASSA exams. Council is in the final stages of appointing new trustees for the Trust who will drive this support initiative. Your support can have a significant impact on transformation in ASSA.

As we move into the next exam season, I wish all candidates every success.

Regards

Mike McDougall
