## Opportunities for experienced actuarial students and actuaries

Actuarial & Insurance Solutions

Locations: Cape Town & Johannesburg

### Who are we looking for?

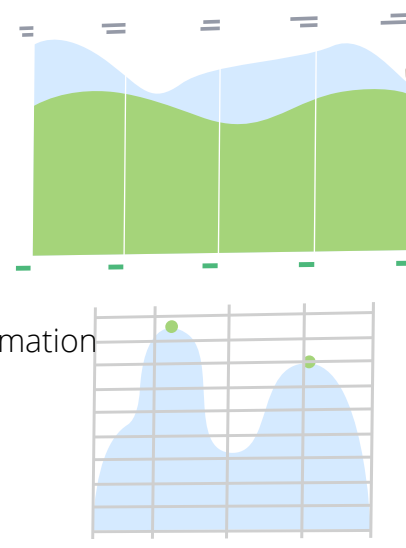

- + Candidates with **three or more years experience**
- + Ability to take on and **manage client projects**
- + Desire to grow into a **trusted advisor** for our clients
- + Ability to work in a **multi-disciplinary environment**
- + Specific experience in **IFRS 17, modelling or valuations** will be advantageous
- + Excellent **interpersonal communication skills**
- + Aptitude for **developing people and managing teams**
- + Proven **experience and knowledge** in either **life or general insurance**

### What will the role offer?

An opportunity to develop a **deep understanding of technical issues** and **make a meaningful impact** through the delivery of diverse projects, including:

- + IFRS 17 related work
- + Actuarial modelling, including use of Prophet and EXEMPLAR
- + Head of Actuarial Function services
- + Mergers & Acquisitions
- + Financial modelling
- + Insurance analytics
- + ERM and ORSA
- + Robotic Process Automation
- + Audit support

### About our actuarial practice

+ We are a **fully integrated firm** based in South Africa with **140+** actuarial practitioners

+ **50+** of which are **qualified actuaries** and on the **cutting edge of global trends & international development**

+ We also have an **actuarial team based in Kenya**, and we are **active in over a dozen countries** across **Africa and Mauritius**

+ We are a **culturally diverse team** that speaks over **20** languages

+ We are the **largest actuarial consultancy** in **Africa**, supported by over **1,500** actuarial professionals across the globe

+ Working with **multi-disciplinary teams** with global exposure in **Risk, Finance, Consulting**, which means we have the right team of individuals developing broader solutions

+ We support projects across the globe, including the **UK, Europe, Middle East, Africa** and **Asia**. We provide an **off-shore delivery centre of excellence** for our UK and Europe actuarial offices
