

## Senior Actuarial Student/Newly Qualified Actuary: Reserving and Regulatory Reporting

### About Us:

General Re Corporation, a subsidiary of [Berkshire Hathaway Inc.](#), is a holding company for global reinsurance and related operations. It owns General Reinsurance Corporation and General Reinsurance AG, which conduct business as Gen Re. Gen Re delivers reinsurance solutions to the Life/Health and Property/Casualty insurance industries. Represented in all major reinsurance markets through a network of more than [40 offices](#), supported by over 2,000 employees worldwide, we have earned superior financial strength ratings from each of the major rating agencies. GRSA Services (a subsidiary of General Re Corporation) is offering an opportunity for a Senior Actuarial Student/Newly Qualified Actuary: Reserving and Regulatory Reporting working in the Valuations Team operating out of our Cape Town office.

### The Role

Gen Re is looking for a senior actuarial student/newly qualified actuary with 2-5 years working experience to join our valuations team. The position will report to the Reserving Manager.

### Key Responsibilities:

- Assist with financial reporting on a US GAAP and IFRS basis
- Assist with regulatory reporting for SAM and Solvency II
- Assist with the design and implementation of US GAAP LDTI and IFRS 17 systems
- Analyse valuation data and results to gain a deeper understanding and insight into the business
- Development and maintenance of tools to analyse actuarial data to enhance management and regulatory reporting
- Monitoring and provision of management information
- Participation in international projects for US GAAP LDTI and IFRS 17
- Automation of models and business processes

### Experience & Qualifications

Applicants should have graduated with degrees in Actuarial Science or Mathematics and be part-qualified with successful exam progression with an aptitude for data science.

### Requirements

- Excellent IT skills (MS Office, SQL Server, working with large datasets)
- Strong problem-solving skills, particularly when in new situations or dealing with clients
- Excellent skills in actuarial modelling, data, and statistical analysis
- Strong statistical software skills (Knowledge of R, Python and GGY AXIS will be advantageous)
- Excellent numerical and analytical skills
- Consistent pursuit of excellence in execution and delivery
- Self-motivated with a flexible attitude and enthusiasm for the role
- Excellent verbal and written communication skills
- Ability to work with minimum supervision
- Strong interpersonal skills with an ability to work effectively as part of a team, deal with people at all levels and in all areas of the business
- Able to work under pressure in meeting internal and external deadlines
- Confident when communicating with more senior team members/colleagues throughout the organisation
- Knowledge of SAM, Solvency II and IFRS17 will be advantageous

Preference will be given, but not limited to, candidates from designated groups in terms of the Employment Equity Act and our employment equity policy. In support of the governments' efforts to combat covid-19 and to protect our employees, clients, and suppliers we require all employees to be fully vaccinated at commencement of the employment relationship; vaccination is a mandatory condition of employment. Please submit your CV together with details of your salary expectations and in your cover letter please let us know what interests you about the role and why you think you would be right for the position. Submissions should be sent to [careerscapetown@genre.com](mailto:careerscapetown@genre.com) and labelled with the title "Senior Actuarial Student: Reserving and Regulatory Reporting".

**Closing Date: 15 April 2022** (Please note, only successful applicants will be contacted)
