General Re Corporation, a subsidiary of Berkshire Hathaway Inc., is a holding company for global reinsurance and related operations. It owns General Reinsurance Corporation and General Reinsurance AG which conduct business as Gen Re. Gen Re is one of the leading Property/Casualty and Life/Health reinsurers in the world and is represented by a network of more than 40 branch and subsidiary offices in key reinsurance markets. Gen Re has a superior financial strength rating of A++ from A.M. Best. General Reinsurance Africa Ltd (a subsidiary of General Reinsurance AG) currently has an excellent opportunity for a recently qualified Actuary/Senior Actuarial Student, in Life/Health based in our Cape Town office.

# Actuary/Senior Actuarial Student in Business Development: Product, Pricing and Client Management

## The Role

This is a challenging and rewarding role involving multiple work areas for Gen Re internally, externally as well as for our clients both locally and internationally:

## Key Responsibilities:

- Preparing quotations for new business and reviews of existing business for both Group and Individual Life business
- Support of analysis and assessment of life and health reinsurance portfolios for the purposes of risk management, experience study, planning and quotation.
- Developing new products and assisting clients with revisions to existing products
- Monitoring and provision of management information statistics
- Building and managing client relationships through strategic client conversations
- Undertaking focussed research, which will generate competitive advantage through superior understanding of risk
- Creating an image of the company as a thought leader through client meetings, articles, and presentations
- Maintaining the Company's pricing guidelines, pricing tools and treaty wording standards
- Drafting contracts

## Experience/Qualifications:

We are looking for top applicants that are qualified Actuaries or show good evidence of progress towards qualification as an actuary (writing their Fellowship exams).

## Requirements

- Excellent verbal and written communication skills with a Consistent pursuit of excellence in execution and delivery
- Able to work under pressure in meeting internal and external deadlines
- Strong problem-solving skills, particularly when in new situations or dealing with clients
- Excellent numerical and analytical skills
- Excellent IT skills including working with and analysis of large datasets (eg: working with SQL Server, R / R-studio, Python)
- Prior work experience in pricing, product development or reinsurance, and full Actuarial qualification will be an advantage

Preference will be given, but not limited to, candidates from designated groups in terms of the Employment Equity Act and our employment equity policy. In support of the governments' efforts to combat covid-19 and to protect our employees, clients, and suppliers we require all employees to be fully vaccinated at commencement of the employment relationship; vaccination is a mandatory condition of employment. Please submit your CV together with details of your salary expectations and in your cover-letter please let us know what interests you about the role and why you think you would be right for the position. Submissions should be sent to <https://genre.csod.com/ux/ats/careersite/1/home/requisition/90?c=genre>.
