

ACTUARIAL OPPORTUNITY WITH A LEADER IN FINANCIAL SERVICES

SENIOR PRICING CONSULTANT

MUTUALPARK, CAPE TOWN

VACANCY NUMBER: IRC44328

Old Mutual is the 2018 No. 1 Top Employer in South Africa and Ghana and remains the Industry Leader in Financial Services and Insurance. We have also been certified as a Top Employer in all 13 countries across the African continent where we operate. We are rooted in our purpose of “Enabling Positive Futures” and believe that a great customer experience is anchored in a great employee experience. We strive to enable our employees to Unleash Their Greatness through a Great Career, at a Great Global Company, with Great Leaders, in a Great Culture with Great Rewards and Recognition.

Join South Africa’s largest actuarial team where your career development is taken seriously through comprehensive study support, competitive remuneration, job rotation opportunities and leadership development at Old Mutual’s Business School.

JOB SPECIFICATION

The Retail Protection Product Development team seeks a suitably qualified individual for a Senior Actuarial Specialist in the team. This team is responsible for the product development, pricing, experience investigations and ongoing support of retail protection products for Emerging Markets with the primary focus being on South Africa.

Combined with active participation in industry and professional initiatives inside and outside Old Mutual, this role places you at the forefront of the rapidly expanding actuarial field while simultaneously affording you the opportunity to lead in the areas of social investment and responsible business.

DUTIES AND RESPONSIBILITIES:

- Creating, maintaining and providing support for the pricing models
- Adapting existing pricing and profit testing models for new product features
- Assisting with setting premiums and profit testing retail risk products
- Support the systems implementation of new benefits and changes to rates
- Provide support on ad-hoc requests from business

REQUIREMENTS:

- Qualified actuary or actuarial student with a minimum of 11 actuarial credits.
- Candidate must have at least 4 years’ work experience.
- Protection product knowledge, product development experience or Prophet modelling experience will be a distinct advantage.
- Strong technical and analytical skills.
- Excellent communication skills, both written and verbal.
- High levels of energy, drive, creativity and innovation.

In addition to the above, the following will be an advantage:

- Prophet (including DCS) coding experience.
- Advanced Microsoft Excel experience.

The appointment will be made from the designated group in line with the Employment Equity Plan of Old Mutual South Africa and the specific business unit. We welcome applications from candidates with disabilities.

I understand and accept that, by applying for this role, I authorise Old Mutual, in its capacity as employer, to access my personal information, and to utilise said information for recruitment purposes for this role.

Submit your application now by visiting the careers link at www.oldmutual.co.za and selecting the relevant vacancy number IRC44328. The closing date for submissions is 29 June 2018.
