

Job Title: Pricing Actuarial Graduate

About the Programme:

We are looking for graduates with strong interpersonal skills, who are eager to learn and broaden their knowledge and expertise. You have a Bachelor, Master or PhD degree with up to 3 years professional experience – we invite you to apply to our graduates@swissre programme 2023.

The programme offers you the chance to join the dynamic, fast-moving world of a leading risk knowledge organisation. Over an 18-month period, you'll receive on-and-off-the-job training, including a job rotation that gives you the opportunity to work across different business units.

About the role:

We are looking for an intellectually curious, highly motivated, and passionate Graduate to join our Life & Health (L&H) EMEA Regional Pricing Team in Cape Town. You will play an important role in the pricing of life & health business in the UK and across Continental Europe.

You will support us in providing high quality actuarial input to cross-functional teams within Swiss Re. Through great teamwork and collaboration, you will gain a deep understanding of the L&H reinsurance market, you will learn about our various products and how we do pricing.

The responsibilities vary and include the following:

- Perform day-to-day pricing work and provide actuarial support to cross functional teams and projects
- Develop and maintain reinsurance pricing bases
- Perform data analyses relating to emerging claims experience
- Design insurance products consistent with pricing bases and risk management environment

About You:

- Successfully completed university degree in Actuarial Sciences or equivalent
 - Made exceptional progress in your exams. (5+ Actuarial Exemptions obtained)
 - Strong interest in/motivation to learn about insurance/reinsurance
 - Fluent in English with strong communication and presentation skills.
 - Aptitude to express yourself effectively in one-on-one conversations and small groups
 - Approaches problems with curiosity, open-mindedness and is a fast learner
 - Innovative, showing a high degree of own initiative
 - Team-player, willingness to contribute actively to the overall team spirit
 - Ability and enthusiasm to work in a global and multicultural environment
 - Strong organizational and time management skills with the ability to handle numerous priorities at a time and meet deadlines while delivering high quality results
 - Capacity to readily adapt to a changing and dynamic environment
 - Willing to work abroad one day
 - Proficiency in MS Office applications (Excel, PowerPoint, Word)
-
- Due to Immigration regulations, we can only accept applications from South Africans
 - Preference will be given to designated applicants as per the employment equity act
