

2018 Convention

24 - 25 October

Cape Town International Convention Centre, Cape Town

Suggestions for paper and presentation topics

As the deadline for paper and presentation submissions draws closer (**6 April 2018!**) the Convention Organising Committee would like to reach out to those who are keen on the prospect of presenting a paper, but are unsure of a topic to focus on. With inputs from the various Practice Area Committees, we would like to put forward the following suggestions:

- Retirement benefit projections
- Impact of in-fund living annuities
- Weather index insurance (drought cover)
- Regulatory issues beyond South Africa
- Fairness and client value (perhaps from a pricing perspective)
- Impact of the new digital entrants into the banking market
- The value of credit skills
- Basel III and Capital Balance Sheet Management
- A review of implementing IFRS 9
- Banks becoming Insurers and Insurers becoming Banks - The South African Experience

If any of these suggestions falls within your area of expertise, or perhaps inspires a different idea worthy of a paper/presentation, please consider submitting your proposal [here](#). We look forward to engaging with you.

Regards,

The 2018 Convention Organising Committee
