2018 Convention

24 - 25 October

Cape Town International Convention Centre, Cape Town

Registration is open

About the program

The program is in the last stages of being finalised. As to be expected, it will include industry-relevant topics and updates, thought-provoking presentations as well as interactive sessions in the form of workshops, which proved quite popular at the previous Convention. A diverse range of topics will be presented by experts from the Actuarial industry as well as wider fields, covering not only what is relevant in South Africa currently, but also stretching out to the rest of the globe. The topics were carefully selected with an aim to inspire, educate and entertain the mind while addressing practical problems faced by actuaries and potential solutions to these problems.

Keynote speaker announcement

We are delighted and proud to announce our newly-confirmed keynote speaker, the former Public Protector of South Africa, Professor Thuli Madonsela.

Prof Madonsela will give a keynote address on ethical leadership and while opinions may differ on her tenure as Public Protector, it is a certainty that every delegate attending the Convention will want to hear her speak. She is currently the social justice Chair in the Stellenbosch University Faculty of Law. She served for seven years as the Public Protector, fulfilling her mandate to support and strengthen South Africa's constitutional democracy.
