

CAPE TOWN

24 - 25 October 2018

2018 Convention

24 - 25 October

Cape Town International Convention Centre, Cape Town

Programme Highlights

For those who missed the previous newsletter, the Convention Organising Committee announced that Thuli Madonsela would be speaking at this year's Convention. We are looking forward to hearing some insights from her at the closing plenary session. It should be a fantastic conclusion to what is promising to be another remarkable Convention.

The topic of Transformation, being a key theme for the Actuarial Society as well as in the industry, will feature quite prominently again by progressing the ideas shared at last years' Convention.

Fintech startups, entrepreneurial sessions, AI developments and bots are only a few of the other highlights of this year's program. Topics also include regulatory matters, IFRS 17 as well as presentations around social security, emerging markets, and the ever-popular Bitcoin. We will be welcoming some international speakers who will be sharing their insights on some of these topics as well.

Ongoing Registration

Registration is currently open, please visit the Convention [website](#) to register. Standard registration ends on the 7th of August, after which late fees will apply.

Regards,

The 2018 Convention Organising Committee
