

2018 Convention

24 - 25 October

Cape Town International Convention Centre, Cape Town

Announcement: Alain Peddle

The Convention Organising Committee is excited to introduce our second keynote speaker: Alain Peddle. Alain is a globally experienced healthcare actuary with a current focus on predictive analytics in healthcare. He has over 15 years' experience, is the deputy CEO of Ping An Health and serves on the Vitality Group's Board. Please see Alain's biography on the [website](#) for more information.

Release of Convention Programme

We are also pleased to announce that the program has been released and is available on the Convention website. Click [here](#) to see the line-up. The workshop-style sessions which proved very popular last year, return this year with a number of interesting topics covered, so be sure not to miss out on attending these.

Another returning highlight this year is the Entrepreneurial session which will be presented in the form of a panel discussion. Each of the entrepreneurs featured has an actuarial background and will be sharing what drove them to pursue this route and what they would have done differently. The panellists will be:

- Schalk Malan, CEO of BrightRock
- Shivani Ranchod, CEO of Percept
- Mbulelo Mpofana, co-founder of InvestSure

This is an ideal opportunity for those looking to follow a similar path to learn from these successful individuals.

Registration

With the Convention a mere two months away, a significant number of attendees have already registered, and are hopefully looking forward to the Convention as much as we are. If you have not yet had a chance to register but would like to attend, registration is still open. Please click [here](#) to register.

Regards,

The 2018 Convention Organising Committee
