

**2019 Convention**  
22 - 23 October  
Sandton Convention Centre, Johannesburg

**Registration update**

The early registrations have closed and the Convention Organising Committee is excited to announce that over 1300 delegates have already registered to join us at this year's Convention. If you happened to miss the early rates, there is still an option to register online [here](#).

Given the topics lined up this year, we are expecting this to be a stimulating and thought-provoking Convention, in line with expectations (and possibly, beyond).

**Sponsors and Exhibitors**

With all the excitement build-up over the past few months, we would like to take this opportunity to extend our heartfelt gratitude to our partners. The Convention would not be possible without your support.

<b>SPONSORS</b>				<b>EXHIBITORS</b>				
								
								

Opportunities are still available for companies or organisations wishing to partner with us in producing yet another successful Convention. If you are interested in promoting your brand and sharing your vision, please download the prospectus or book online through the [website](#).
