TERMS AND CONDITIONS

Purpose

The Insurance Sector Education and Training Authority (**INSETA**) Unemployed Youth Programme for students aims to support the development of scarce and critical skills identified in the Sector Skills Plan, advances the development and transformation objectives of the NSDP 2030, and promotes the number of graduates to enter the insurance sector.

The Actuarial Society of South Africa (**ASSA**) has entered into a strategic partnership agreement with INSETA to provide financial support for students pursuing the actuarial designation pathway through ASSA and who are employed by an INSETA-registered organisation.

Who Funds and Administers This Scheme

The scheme is funded by INSETA and administered by ASSA. ASSA reserves the right, at its discretion, to amend these Terms and Conditions in alignment with any changes imposed by INSETA.

What the Bursary Covers

Note that Exemption fees are not covered by this bursary.

The bursary covers the costs of ASSA's education products and services, including:

- Examination entry fees;
- Education support initiatives (ESI), such as tuition courses, short courses, examination counselling, and stand-alone content practice or mock examinations;
- Normative and professionalism courses (ASSA's mandatory professional development modules required for designations).

ASSA also offers free member support through ASSA Professional Development (APD), including exam techniques, mentoring, and wellness programmes, available to all ASSA members at no charge. Visit the ASSA website for the current programme.

How the Award Works

For the 2026 academic year, the bursary is awarded up to a **maximum value of R15,000** for completed education activities during the academic year over both semesters. This amount is determined by INSETA and may vary based on applicable factors. The bursary is paid by way of a credit to the member account. **The bursary can be used to clear student debt or to fund future studies** if the student account has already been settled, thereby enabling students to register for the next semester's education programme. Take advantage of this funding to attend education support initiatives that help you prepare for your exams and progress towards your qualification.

ASSA will use its best endeavours to provide provisional credit to students' member accounts during the first quarter following the academic year that the scheme applied to, with full settlement not later than March following the year of application. Such credits are subject to receipt of funds from INSETA as the bursary scheme sponsor. **Students are requested to respond promptly to any queries** from ASSA, INSETA, or their respective assurance providers to facilitate the flow of funds.

Refund for a credit on the student account will be considered on a case-by-case basis only for students who have subsequently qualified.

Note that if you do not comply with the bursary scheme's terms and conditions, ASSA may recover from you any amount credited to your ASSA member account.
